

**SALES
PROGRAM**

2024

A VERY WIDE INTEGRATED RANGE OF
PRODUCTS...
...ALL OF EXCELLENT QUALITY

**ACTUATORS AND
SCREW JACKS**

**MACHINE
COMPONENTS**

**STAINLESS STEEL
COMPONENTS**

**CONVEYOR
COMPONENTS**

BEARINGS

**ELECTRONIC
CONTROLS**

ELECTRIC MOTORS

**PNEUMATIC
COMPONENTS**

GEARBOXES

LINEAR SYSTEMS

**SELF ALIGNING
PILLOW BLOCKS**

**MECHANICAL
TRANSMISSIONS**

VIBRATION

ELECTRIC MOTORS

- High performance electric motors

ELECTRONIC CONTROLS

- Inverters

ELECTRIC MOTORS

- A.c motors
- Brake motors
- D.c permanent magnet servo-motors

GEARBOXES

- Worm gearboxes
- Helical in line, helical bevel, shaft mounted, parallel shafts gearboxes
- Right angle spiral bevel gearboxes
- Mechanical speed variators
- Planetary gearboxes
- Precision planetary modular gearboxes

MACHINE COMPONENTS

Control handles and machine accessories

- Handle-wheels
- Handles
- Knobs
- Locking and handling hand-wheels
- Fixed and graduated levering

MACHINE COMPONENTS

- Cable chains

ELECTRIC MOTORS

- Explosion-proof motors for dangerous areas

MECHANICAL TRANSMISSION

- Sprockets
- Plate wheels
- Spur gears
- Spur racks
- Bevel gears
- Belts and pulleys
- Couplings
- Shaft clamping elements
- Torque limiters

BEARINGS

- Free wheels

LINEAR SYSTEM

- Linear guides

PNEUMATIC COMPONENTS

Components and accessories for compressed air distribution

- Fittings
- Restriction valves
- Valves, ball valves, manual valves, pneumatic valves
- Push-in fittings
- Pipes

CONVEYOR COMPONENTS

- Roller conveyor

BEARINGS

- Deep groove ball bearings
- Tapered roller bearings

VIBRATORS FOR THE INDUSTRY

- Electric vibrators
- Micro series electric vibrators
- Stainless steel vibrators

ACTUATORS

- Electric linear actuators
- Electromechanical servoactuators

SELF ALIGNING PILLOW BLOCKS

- Cast-iron self aligning pillow-blocks

MECHANICAL TRANSMISSIONS

- Cardanic joints
- Extendable joints

COMPONENTS

- Levelling feet
- Antivibration feet

**Hi-Tech components for
power transmission**

SELF ALIGNING PILLOW BLOCKS

- Stainless steel self aligning pillow-blocks
- Pressed steel self aligning pillow-blocks
- Cast-aluminium self aligning pillow-block

BEARINGS

- Needle roller bearings
- Deep groove ball bearings
- Stainless steel ball bearings
- Special bearings made to drawing
- Slewing bearings

ELECTRIC MOTORS

- A.c motors

LINEAR SYSTEMS

- Ball bushings

STAINLESS STEEL COMPONENTS

- Stainless steel self aligning pillow-blocks
- Stainless steel deep groove ball bearings
- Stainless steel needle roller bearings
- Stainless steel special bearings
- Stainless steel chains
- Stainless steel rod ends

MEGADYNE

HI-TECH BELTS AND PULLEYS

- Rubber belts
- Polyurethane belts
- Timing belts
- Pulleys

MACHINE COMPONENTS

- Mercury rotating collectors

M.G.M.
Motori Elettrici S.p.A.

ELECTRIC MOTORS

- Brake motors

ELECTRIC MOTORS

- Brushless servo-motors and drives
- Brushless motors with integrated drive

GEARBOXES

- Fractional horsepower motorgears for industrial applications

- Worm gearboxes and motorgearboxes
- Helical in line and helical bevel gearboxes and motorgearboxes
- Planetary gearboxes of small dimensions

CONVEYOR COMPONENTS

- Multidirectional rollers
- Components and rollers for material handling

ELECTRONIC CONTROLS

- Electronic braking systems
- Soft/start
- Inverters

LINEAR SYSTEMS

- Ball linear systems
- Roller linear systems
- Ball screws
- Mono stage units

MECHANICAL TRANSMISSION

- Timing belts and pulleys
- V-belts and pulleys
- Sprockets with taper bush
- Taper bushes
- Cone clampings
- Couplings

MACHINE COMPONENTS

- Sliding baseplates for electric motors

STAINLESS STEEL COMPONENTS

- Right angle stainless steel

GEARBOXES

- Right angle spiral bevel gearboxes
- Motion reversing gearboxes

Industrial chains

STAINLESS STEEL COMPONENTS

- Stainless steel transmission chains
- Stainless steel conveyor chains

CONVEYOR COMPONENTS

- Conveyor chains
- Flite-top chains
- Modular conveyor belts and chains

MECHANICAL TRANSMISSIONS

- Transmission chains
- Special attachments chains
- Fleyer chains

MACHINE COMPONENTS

- Electric cabinets
- Integrated cabling systems

VIBRATION

- Rubber suspension units
- Tensioner devices
- Oscillating mountings
- Anti-vibration mountings
- Motor bases

CONVEYOR COMPONENTS

Hi-Tech plastic material for industry

- High quality semifinished materials
- Polyethylene chain guide rails
- Polyethylene and semifinished materials
- Plastic materials engineering
- Specially made articles

ELECTRONIC CONTROLS

- Inverters
- Soft/START
- PLC

ACTUATORS AND SCREW JACKS

- Acme and ball screw actuators
- Acme (rotating screw/rotating nut) and ball screw jacks

ELECTRIC MOTORS

- D.c permanent magnet servo-motors
- Brushless motors

GEARBOXES

- Precision planetary gearboxes

CONVEYOR COMPONENTS

- Hi Tech components for transport and material conveyor lines

LINEAR SYSTEM

- Linear supports
- Ball screw bearing supports

MACHINE COMPONENTS

- Precision joints

Conveyor components

STAINLESS STEEL COMPONENTS

- Stainless steel levelling pads
- Stainless steel conveyor components
- Plastic self aligning-pillow blocks stainless steel
- Stainless steel components
- Stainless steel transport and modular chains
- Stainless steel structural components and safety systems

CONVEYOR COMPONENTS

- Levelling pads
- Conveyor components
- Plastic self aligning-pillow blocks
- Transport and modular chains
- Structural components and safety systems

SELF ALIGNING PILLOW BLOCKS

- Plastic Self Aligning-Pillow Blocks

PNEUMATIC COMPONENTS

- Valves
- Electrovalves
- Pneumatic cylinders
- Air treatment units
